#### RE: REACH – Substances of Very High Concern (SVHC)

Colorjet is aware of REACH Regulations and the proposals by the European Chemicals Agency's (ECHA) for the candidate list of items to be included on the list of Substances of Very High Concern (SVHC) including the most recent list published July 16, 2019.

Based on information from our suppliers and formulation analysis, the below product(s) are not manufactured with any of the substances listed in the most recent candidate list nor are they intentionally added during the manufacturing process.

Compliance for the above mentioned product(s) is based on raw material supplier information. This information can be used for compliance with the regulation listed above without any formal guarantee as the product(s) are not analysed on a regular basis. However, based on our experience and knowledge, the purity requirements are fulfilled. Colorjet strongly recommends that each customer and/or end-user independently determine the suitability of Colorjet product(s) under actual conditions of processing and end-use.

For additional Regulatory information, please refer to the Material Safety Data Sheet (MSDS) available at <http://www.colorjetgroup.com> or contact the Regulatory Compliance Department via phone +91 120 4897992 or email [info@colorjetgroup.com](mailto:info@colorjetgroup.com)
